## **About Us**

We “ New Satyam ” are activity engaged in manufacturing and supplying qualitative assortment of Tensile Products, Car parking , Conical Tensile, Architectural tensile etc.

Establishment in the year 2002 at Nagpur ( Maharashtra , India ) , We have set up –a sophisticated infrastructure base, which is armed with all the requisite amenities. The infrastructure base comprise structure units such as procurement, production , quality testing , warehousing & marketing and transportation & logistic . All these unit work under the enthusiastic guidance of our Proprietor, “Mr. Bablu Jha ” , We have gained huge success in this domain, owing to our ethical business policies, timely delivery, affordable price range and client-centric approach, we have been able to gain trust of our client across the nation .

Keeping in mind international quality standards , all our offered products are designed and manufactured with high precision in compliance with international quality standards by utilizing high quality basis material and advance technology. We provide our product in different specification and can also be customized as per the precise requirement of client at market leading prices. Our team of quality inspector thoroughly tests the offered assortment of products on various quality parameters by using modern testing tools and equipment .
